## Fundraiser Packet

### Why fundraise money for your club?

Fundraising is a great way to market your club around the community and on campus along with providing additional funds for your club. Sport Clubs receive only a portion of their budget from the University or from Campus Recreation; therefore, your club relies heavily on membership dues and fundraisers.

### How many fundraisers are Sport Clubs required to have?

For this reason, described above, each Sport Club is required to create at least **4** fundraisers throughout the academic year (Fall and Spring semester). Each club is encouraged to create more, however, **4** is mandatory. Any fundraiser put on which is above and behind the 4 that are required will earn the club bonus points. (More on bonus points can be found in the Point System Manual).

*\*Donations can be accepted; however, they do not count as a fundraiser. Which means that donations cannot count towards the 4 required fundraisers.*

### Donations Vs. Fundraising

A **donation** is a contribution of money or goods given for a worthy cause.

**Fundraising** is the process of collecting financial earnings by organizing and promoting an event.

**If you receive a donation from a business or individual, make sure to loop Ryan in so he can inform ASI.**

- Also, please note the donation on your dues deposit form when depositing the check into your Student Organization's ASI account.

### Fundraiser Funds

When setting up your fundraiser with a vendor, make sure that they know that your club can only receive profits in the form of **cash or check**. **No electronic form of payment is allowed** (Venmo, square, etc.) (More information on electronic forms of payment can be found in the Sport Clubs Manual). Also make sure that the Vice President is working closely with the Treasurer to discuss the funds (setting it up with the vendor, collecting the funds or depositing them).

### **When receiving a check**

When receiving a check for your fundraiser, make sure the check is made out to your club. Be exact with your club's name when telling the organization who to make the check out to, especially if your club has a duplicate team with Athletics (you don't want the Athletics team receiving your money).

If the organization is mailing you the check from your fundraising event, make sure they use the following address:

Ryan Groth  
Attn: "Club Name"  
Campus Recreation  
441 La Moree Rd.  
San Marcos, CA 92078

\*Remember that the mailing address for the check and "who" the check is made out to is **NOT** the same thing. The check is mailed to the distribution office on campus which will be forwarded to Ryan. The check is **NOT** made out to Campus Recreation, the check **IS** made out to your Sport Club!

### **Professionalism**

When reaching out to organizations, remember to always act professional. Make sure to be appropriate, polite, and friendly. Just a reminder that you are representing your club, Campus Recreation and the University when communicating with outside vendors.

**Example:**

Dear "Vendor Contact",

My name is "your name" and I am the Vice-President for the "your club" Club at Cal State San Marcos. We are interested in creating a Fundraiser with "Vendor's name". I was curious as to how I would go about setting up a fundraiser and if you could give me any more information about your fundraising process?

Best,

"Your Name"

#### **Article 4. Money Distribution**

Every club will start from zero so that way the money allotted to the clubs will only be determined by how their year went, not how the year before went. Each club will receive their total number of points at the end of the year. One point will be correlated to a certain amount of money. For example, depending how much money is in the pot, one point could be worth \$2.

For example: \$15,200 is used to calculate the ratio

Total number of points: 925

Each point is worth \$16.40

A club had 208 points so they will receive \$3,411.20 in allocation money as long as they do not exceed their max according to the Tier System which can be found below.

## **Article 5. Tier System**

The Sport Clubs program at Cal State San Marcos is comprised of three different tiers, Tier A, Tier B, and Tier C. Each Sport Clubs is divided amongst the different tiers' dependent upon the qualifications of each tier. Each club must meet **ALL** requirements in order to be under a specific tier, which is found below. If your club does not meet ALL requirements, then you will be bumped down to the next tier.

Example: The water polo club spends \$13,000 in expenses (Tier A) and has 12 members (Tier B). This means that the water polo club would be bumped down to the lower tier, Tier B because they must meet both requirements in order to reside in a tier.

### **Tier A:**

- 17+ Members
- \$12,001+ in Expenses
- Awarded up to \$6,000 in Allocation\*

### **Tier B:**

- 11-16 Members
- \$6,001-\$12,000 in Expenses
- Awarded up to \$4,000 in Allocation\*

### **Tier C:**

- 5-10 Members
- \$0-\$6,000 in Expenses
- Awarded up to \$1,000 in Allocation\*

\*If a club meets **ALL** requirements in a specific tier, then they can be awarded up to that specific amount in Allocation Funds only if the max tier amount does not exceed 1/3<sup>rd</sup> of the total expenditures for that year. If a sport club's awarded Allocation Funds exceeds 1/3<sup>rd</sup> of total expenses, then the 1/3<sup>rd</sup> of the total year's expenditures becomes the new awarded Allocation Amount (rounded to the nearest whole number). This exception is to make sure that a Sport Club is not relying fulling on Allocation funds to pay for all expenses during a given year. **This exception does not apply to New Sport Clubs.**
