from illnesses and diseases.

## TRAINING CORNER

### Defensive Driving and IIPP

Early this year, reports were compiled to analyze **Defensive Driving** and **IIPP** compliance for some staff and faculty.

If you were notified of non compliance, please view the information below to see the next steps you should take. If you have any questions, please email [shs@csusm.edu](mailto:shs@csusm.edu).

**Due to our current remote status, we will be accepting Defensive Driving paperwork once we return to campus.**

For instructions on how to access the courses on Learnerweb, please visit the [Safety, Health & Sustainability website](#).

#### Defensive Driving

##### **Status: Not Started**

- One or both [online courses](#) **are not** completed: login to [Learnerweb](#) to complete course(s) and then turn in [required paperwork](#) to SH&S
- Both online courses **are** completed, but [required paperwork](#) was **not** turned in: complete paperwork and turn into SH&S

##### **Status: Expired**

- Certification has expired after 4 years
  - Login to [Learnerweb](#) and retake BOTH (if applicable) online courses
  - Resubmit [required paperwork](#) to SH&S
- \*\*Please note that expiration date reflects the same expiration date of the first online course taken (date 4 years minus 1 day)\*\***

#### IIPP

##### **Status: Not Started**

- "IIPP," "NEO: Cougar Crash Course," or "Emergency Preparedness" training courses were not attended
- Login to [Learnerweb](#) to launch and complete the "CSUSM IIPP" online training course to satisfy compliance

## Safety Standouts: Distribution Services

Congratulations to Distribution Services for reaching 5,300 days accident-free!

To celebrate, a pizza party was held to recognize their achievement in safety. Cheers to another 5,300 days!

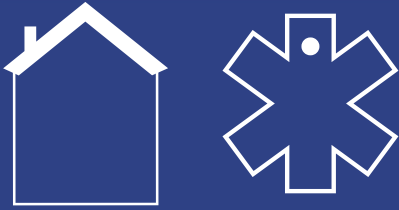

# STAY IN PLACE, MAINTAIN YOUR SPACE, COVER YOUR FACE

Good hygiene can protect you from the spread of germs.

Stay home when you are sick.  
Seek medical care.

Avoid close contact with  
people who are sick.

Avoid touching your eyes,  
nose, and mouth.

Wash your hands with soap and  
warm water for at least  
20 seconds.

At home, clean and disinfect  
frequently used objects  
and surfaces.

Cough or sneeze into a tissue  
or your sleeve.

Keeping hands clean is one of the most important things  
we can do to stop the spread of germs and stay healthy!

**WET** your hands with  
clean, warm running  
water. Turn off the tap  
and apply soap.

**LATHER** your hands by  
rubbing them together  
with soap. Don't forget  
the backs of your  
hands, under nails, and  
between fingers!

**SCRUB** your hands for  
20 seconds. Need a  
timer? Hum the "Happy  
Birthday" song from  
beginning to end  
twice.

**RINSE** hands well  
under clean, running  
water.

**DRY** hands using a  
clean paper towel or  
air dry them.

# EARTH DAY

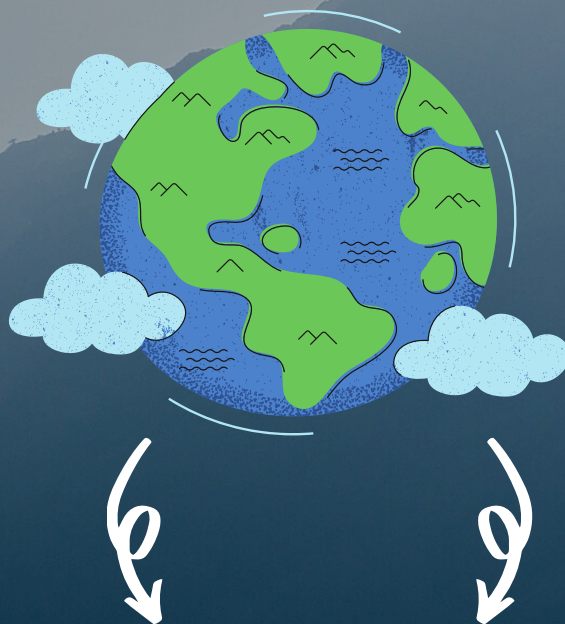

## CELEBRATES 50 YEARS!

This April 22nd marks 50 years that Earth Day came to fruition. And although we might have had to change things up a bit due to COVID-19, CSUSM is still celebrating Earth Week with a variety of virtual activities. To find out more, check out this link:

# "I SPOKE TO COVID-19..."

IITS IS TASKED TO PUT THE ENTIRE 'CLASS OF 2020' ON THEIR SHOULDERS

*So I spoke to COVID-19 today. Yep, Zoom meeting.  
I'll admit the video feed wasn't working well. Couldn't see 'em.*

*Apparently, COVID-19 took the Gallup StrengthsFinder survey. "Seriously Marcus?" I thought to myself. "COVID-19 still isn't convinced we know how they thrive in their 5!" I started to clear my throat and they all got excited, like penguins bunching up at the edge of the ice, waiting to see if I was going to cough or sneeze. They were so smug knowing CSUSM had to postpone commencement. I could hear them jumping around like they were gonna win. Defiant little buggers. That's when I had to break it down for them straight from the Director of SH&S, Regina Frasca.*

*"CSUSM is Determined, Diverse, and Disciplined with a mask, gloves, and personal hygiene!" Then I told them, "When the Class of 2020 walks, you'll see what it means to be DEFIANT!" That really ticked 'em off, so they dropped me... Rage quitters.*

I also had the chance to talk with some of the staff and faculty last month. They were apprehensive. Collectively, we were about to redefine the meaning of BANDWIDTH. That's when we got to see IITS put the gloves on and step into the ring for the battle royale. They staged inventory and got employees to line up in their cars on wet and windy days to receive computer equipment and tech support, albeit from a distance. I don't know about you, but when I saw what people like Kevin Morningstar and John Humes did on April 8th, and their entire IITS team in the face of adversity at this level, it was nothing short of HEROIC!

On behalf of the Safety, Health & Sustainability crew, please extend our immense gratitude to your families, your closest friends and everyone you care about. Thanks for being a CSUSM Hero!
