Is the defendant David guilty or not guilty?

In my opinion David should be found not guilty of stealing stickers in the case Jim v. David. First I think he should be not guilty because maybe Suzie put them in his desk. Second I think David should be found not guilty because maybe he saved them for his teacher.

Alberto

In conclusion please find
David not guilty because
the evidence was not beyond a
reasonable doubt.

Is the defendant David guilty or not guilty?

In my opinion David should be found not guilty of getting the stickers in the case Rm. 1 v. David. First of all I think David should be found not guilty because Suzie put the stickers in his desk. Second I think David should be found not guilty because he was already outside and Suzie

Framed him. in conclusion
I think David should be found
not guilty
