COURSE DESCRIPTION

Education Specialist — Clinical Practice: Mild to Moderate Support Needs

Observations and teaching in special education settings in selected schools under the supervision of a credentialed special education teacher and university supervisor. Includes participation in a student teaching seminar. *May not be taken for credit by students who have received credit for EDMX 562 OR EDMS 571.*

Prerequisite: Successful completion of program prescribed coursework.

Credit Hour Policy Statement

This Clinical Practice course is comprised of doing fieldwork at either elementary, middle or high school settings, under the supervision of a Cooperating Teacher and a University Supervisor.

- Clinical Practice in setting that support students with Mild to Moderate Support Needs is comprised of 60 days of which 10 days must be consecutive full time assuming all the duties of being a special educator.
- Students are expected to spend a minimum of 7 to 10 hours per week outside of the field experience in preparation to teach students.

CLINICAL PRACTICE STUDENT LEARNING OUTCOMES

The credential candidate will:

- assess and instruct students of various ages (TK, kindergarten to 22 years of age) and cultural/linguistic backgrounds with mild to moderate support needs including students eligible for special education under the categories autism, specific learning disability, intellectual disability, multiple disabilities, orthopedic impairment, traumatic brain injury, emotional disturbance, and other health impairments.
- demonstrates successful performance of the Mild to Moderate Support Needs Education Specialist Teaching Performance Expectations as assessed using the *California State University San Marcos Preliminary Mild to Moderate Support Needs Education (MMSN) Specialist Teaching Performance Expectations Clinical Practice Assessment*.

Student learning outcome assessment methods:

Observations by University Supervisor of clinical performance objectives and the California Commission on Teacher Credentialing (CCTC) Education Specialist Program Standards and the Education Specialist Mild to Moderate Support Needs Teacher Performance Assessment.

Completion of an Individualized Development Plan (IDP) summarizing strengths and continued professional growth regarding the ES TPEs. The IDP is developed with input from the candidate's University Supervisor and Cooperating Teacher and is approved and signed by the candidate, the candidate's university supervisor, and the Education Specialist credential program coordinator or designee.

Teacher Performance Expectation (TPE) Competencies

The course objectives, assignments, and assessments have been aligned with the CCTC standards for Mild to Moderate Support Needs Education Specialist Credential. This course is designed to help teachers seeking a California teaching credential to develop the skills, knowledge, and attitudes necessary to assist schools and district in implementing effective programs for all students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. Teacher Candidates will be required to formally address the following MMSN TPEs in this course:

Mild to Moderate Support Needs:

- TPE 1: Engaging and Supporting All Students in Learning (1.1, 1.4, 1.7)
- TPE 2: Creating and Maintaining Effective Environments for Student Learning (2.1, 2.2, 2.4, 2.5-2.10)
- TPE 3: Understanding and Organizing Subject Matter for Student Learning - making content accessible (3.1)
- TPE 4: Planning Instruction and Designing Learning Experiences for All Students (4.2, 4.3, 4.4)
- TPE 5: Assessing Student Learning (5.1-5.4, 5.6)

- TPE 6: Developing as a Professional Educator (6.1)
- Developmentally Appropriate Practices and English Language Development In Relation to Subject-Specific Pedagogy

Expected Dispositions for the Education Profession

Education is a profession that has, at its core, certain dispositional attributes that must be acquired and developed. Teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions that must be evident in teacher candidates: social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning. These dispositions have observable actions that will be assessed throughout the preparation program. For each dispositional element, there are three levels of performance - *unacceptable*, *initial target*, and *advanced target*. The description and rubric for the three levels of performance offer measurable behaviors and examples.

The assessment is designed to provide candidates with ongoing feedback for their growth in professional dispositions and includes a self-assessment by the candidate. The dispositions and rubric are presented, explained and assessed in one or more designated courses in each program as well as in clinical practice. Based upon assessment feedback candidates will compose a reflection that becomes part of the candidate's Teaching Performance Expectation portfolio. Candidates are expected to meet the level of *initial target* during the program.

MATERIALS NEEDED FOR CLASS

The appropriate Cal State San Marcos Teaching Performance Expectations Clinical Practice Assessment and Individualized Development Plan observation forms, and enrollment in TaskStream.

TaskStream Enrollment and Postings

The School of Education uses TaskStream to manage candidates' TPE, clinical practice, signature assignment, and disposition assessments. Candidates must be enrolled in TaskStream throughout the Mild to Moderate and Extensive Support Needs Education Specialist program(s). Enrollment fees are paid by going to www.taskstream.com and registering for at least one year. Candidates completing both the Mild to Moderate and Extensive Support Needs credentials should enroll for at least two years.

SUPERVISION REQUIREMENTS

1. Each candidate engages in a minimum of **58 days** of supervised clinical practicum in one or more school and/or community settings in which students with mild and moderate support needs are being educated. These CCTC required days may consist of site and/or online days.
2. Each candidate is observed and provides documentation of the clinical experiences described in the TPEs through notations on the *Cal State San Marcos Education Specialist Mild to Moderate Support Needs TPEs* observation form.
3. Each candidate is formally observed by and meets with a Clinical Practice University Supervisor **at least six times** to formally assess and discuss clinical experiences and progress toward meeting *Cal State San Marcos Education Specialist Mild to Moderate Support Needs TPEs*. An exit interview will also be held to review the final TPE assessment report.
4. Each candidate is observed by the University Supervisor a minimum of **six times, that includes:**
 - a) delivering formal lessons in a content area (at least 2). For these content lessons, a formal lesson plan using the Clinical Practice Lesson Plan Template (EDMX 572) shall be submitted electronically to the University Supervisor at least 24 hours prior to teaching the lesson.
 - b) conducting a formal assessment utilizing a standardized assessment instrument and submitting a comprehensive assessment report to the Cooperating Teacher and University Supervisor
 - c) conducting an IEP meeting (Triennial or Initial preferred)

- d) analyzes a Behavior Intervention Plan (BIP) and explains involvement in its delivery (See these observation forms in this syllabus)
 - e) TPE Mid Semester Assessment and Professional Dispositions ratings
5. Each candidate meets with the Cooperating Teacher to initially examine and discuss TPE elements and how they could/will be met in clinical practice. Throughout clinical practice, the candidate is expected to collect a portfolio of artifacts (e.g., samples of assessments and assessment reports, lessons, IEP plans) to evidence TPE performance. Further in-depth conversations with the Cooperating Teacher regarding TPEs is prompted by the TPE Weekly Conversations and Planning form located in this syllabus. The candidate meets weekly with the Cooperating Teacher to reflect upon clinical experiences and progress toward meeting TPEs. As part of this meeting, the candidate prepares and e-mails to both the University Supervisor and Cooperating Teacher the Clinical Practice Weekly Reflection and Planning form in this syllabus. Meetings between the Cooperating Teacher and the candidate are noted weekly on the Education Specialist Clinical Practice Professional Collaboration Log found in this syllabus.
 6. Each teacher candidate receives support and monitoring from a qualified cooperating teacher for a minimum of five hours per week. This support may involve instruction, assessment, IEP-related planning and implementation activities, and any other job-related responsibilities in which TPEs may be observed (e.g., training/supervising of paraeducators). Cooperating Teachers will document these hours on the **Education Specialist Clinical Practice Professional Collaboration Log** found in this syllabus.
 7. Each candidate, in conjunction with the Cooperating Teacher and University Supervisor, documents collaborative activities among the Education Specialist Teacher Candidate (TC), Cooperating Teacher (CT) and University Supervisor (US) to guide the TC to the successful completion of the *Cal State San Marcos Education Specialist Mild to Moderate Support Needs TPEs* and Professional Dispositional (PD) performance through observations, coaching meetings, written feedback, relevant activities, interactions, and communications. The **Education Specialist Clinical Practice Weekly Professional Collaboration Log** (found in this syllabus) shall be confidentially maintained (in digital or hard copy format) and accessible to all parties throughout the Clinical Practice (CP). Log entries are completed, reviewed, and signed by the TC and CT weekly and by the US at each visitation. The log is collected by the US at the completion of CP.
 8. Each candidate produces an **Individualized Development Plan (IDP)** that summarizes strengths and areas of need for continued professional growth and that is signed by the candidate, the candidate's university supervisor, and the Education Specialist credential program coordinator or designee. The candidate is responsible for uploading the signed IDP document to Taskstream.

GRADING STANDARDS

Credit/No Credit

1. The candidate's University Supervisor, in collaboration with the Cooperating Teacher, prepares a Summary Form for EDMX Clinical Practice 572, based on observations and clinical practice experiences. This also includes the Cooperating Teacher's and may include the teacher candidate's feedback. The Teacher Performance Expectations are submitted, digitally, to the Cooperating Teacher and University Supervisor by the teacher candidate. The University Supervisor and Cooperating Teacher collaborate and score the completed TPEs. When completed, the TPEs are presented to the teacher candidate at the exit meeting and all participants sign the documents. These documents serve as official verification of successful completion of Clinical Practice and are required for the University to be able to recommend a candidate for a credential at the end of the program.
2. A grade of CREDIT (CR) or NO CREDIT (NC) will be assigned for clinical practice experiences by the University Supervisor. If a credential candidate has not successfully met the Education Specialist Teacher Performance Expectations at an appropriate level, the candidate may be required to extend or repeat the experience.

3. If a candidate is unsuccessful in a clinical practice experience, a grade of NO CREDIT will be given. Granting of an additional opportunity for clinical practice will be made based on the circumstances under which the original NO CREDIT was given.
4. Should a candidate be in the potential situation of receiving NO CREDIT for clinical practice, the University Supervisor and Cooperating Teacher must complete a Statement of Concern (SOC) as soon as possible and provide copies to the Program Coordinator. The documentation in the SOC, the action plan, and the follow up steps to the plan are key documents that are used to verify inadequate performance in clinical practice, if the action plan is not achieved.
5. Should a second clinical practice experience be recommended, the candidate must re-register for the clinical practice course prior to the new placement being made.

Final Exam Statement

EDMX 572 does not include a final examination. Ongoing assessment of the teacher candidate is completed by the University Supervisor.

PROFESSIONAL AND ADMINISTRATIVE REQUIREMENTS

1. "Person-first" language (e.g., "Student with Down Syndrome" rather than "Down Syndrome student") must be used throughout all written and oral assignments and discussions.
2. Word process all written plans for treatment and assessment. Keep an electronic copy of all your work. You will want these for your records and for potential future use as professional portfolio entries.
3. Complete and submit all clinical experience documentation on the due dates for full credit. If you have extraordinary circumstances that impact timely submission, inform the university supervisor. Any time that you have questions or concerns, please contact the university supervisor immediately.
4. Profession behavior is expected at all school and community sites with educational and program personnel, students, families, and supervisory personnel.
5. Academic Honesty Policy and Plagiarism. Students are expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of a grade, a failing grade for the assignment or the class as a whole, or dismissal from the program or university.

Conditions for Removal from School Site

A candidate will be removed from the school site and a Statement of Concern documenting the situation will be written immediately if a candidate:

1. endangers students or others;
2. violates recognized codes of conduct, e.g. CSUSM Student Code of Conduct, CSUSM Academic Honesty Policy NEA Code of Ethics, CA Education Code Section 44932; and/or
3. is dismissed from the classroom or school site by the cooperating professional or site or district administrator.

GENERAL CONSIDERATIONS

Authorization to Teach English Learners

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Candidates successfully completing this program receive a credential with authorization to teach English learners. (*Approved by CCTC in SB 2042 Program Standards, August 02*)

School of Education Attendance Policy – Clinical Practice

All teacher candidates are expected to be present at their assigned school site as scheduled by program requirements and the specific school site calendar and teaching contract. Should the teacher candidate have extenuating circumstances, s/he should contact the University Supervisor and Program Coordinator as soon as possible.

CSUSM Academic Honesty Policy

Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly.

Academic Honesty and Integrity: Students are responsible for honest completion and representation of their work. Your course catalog details the ethical standards and penalties for infractions. There will be zero tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Refer to the full Academic Honesty Policy at:

http://www.csusm.edu/policies/active/documents/Academic_Honesty_Policy.html

Plagiarism

As an educator, it is expected that each candidate (course participant) will do his/her own work and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Students with Disabilities Requiring Reasonable Accommodations

Students with disabilities who require reasonable accommodations must seek approval for services by providing appropriate and recent documentation to the Office of Disability Support Services (DSS). This office is in Craven Hall 4300, contact by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations in clinical practice settings should meet with the clinical practice coordinator.

All University Writing Requirement

This course ensures that the university's minimum 2,500-word per course writing requirement is met through the course assignments, comprehensive assessment report, reflections, and postings for Education Specialist standard.

Course Format

Clinical Practice is conducted in a Field-based environment. Teacher Candidates must be present in a Clinical Practice setting five days a week, full contract hours for 60 days. This will exceed requirements for 7 units.

Necessary Technical Competency Required of Students

This course requires Teacher Candidates to submit assignments electronically using Taskstream.

Contact Information for Technical Support Assistance

Customer support for *TaskStream* is available online, as well as the CSUSM Help Desk.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

1 = Does not meet 2 = Approaching 3 = Meets 4 = Exceptional

Comments:

MMSN TPE 2: Creating and Maintaining Effective Environments for Student Learning

2.1 Develop accommodations and/or modifications specific to students with disabilities to allow access to learning environments, which may include incorporating instructional and assistive technology, and alternative and augmentative communication (AAC) procedures to optimize the learning opportunities and outcomes for all students, and move them toward effective inclusion in general education settings environments.

2.2 Demonstrate the ability to support the movement, mobility, sensory and/or specialized health care required for students to participate fully in classrooms, schools and the community. As appropriate, organize a safe environment for all students that include barrier free space for independent mobility, adequate storage and operation of medical equipment and other mobility and sensory accommodations. (U2.3)

2.4 Collaborate with families and appropriate related services personnel to support access to optimal learning experiences for students with mild to moderate support needs in a wide variety of general education and specialized academic instructional settings, including but not limited to the home, natural environments, educational settings in hospitals and treatment centers, and classroom and/or itinerant instructional delivery and/or consultation in public/nonpublic school programs.

2.5 Demonstrate knowledge of the communicative intent of students' behavior as well as the ability to help students develop positive communication skills and systems to replace negative behavior.

2.6 Demonstrate the ability to identify if a student's behavior is a manifestation of his or her disability and, if so, to develop positive behavior intervention plans inclusive of the types of interventions and multi-tiered systems of supports that may be needed to address these behavior issues.

2.7 Understand and access in a collaborative manner with other agency professionals the variety of interventions, related services and additional supports, including site-based and community resources and agencies, to provide integrated support for students with behavior, social, emotional, trauma, and/or mental health needs. (U2.4)

2.8 Apply and collaboratively implement supports needed to establish and maintain student success in the least restrictive environment, according to students' unique needs.

2.9 Demonstrate the skills required to ensure that interventions and/or instructional environments are appropriate to the student's chronological age, developmental levels, and disability-specific needs, including community-based instructional environments. (U2.5)

2.10 Implement systems to assess, plan, and provide academic and social skills instruction to support positive behavior in all students, including students who present complex social communication, behavioral and emotional needs

1 = Does not meet 2 = Approaching 3 = Meets 4 = Exceptional

Comments:

MMSN TPE 4: Planning Instruction and Designing Learning Experiences for all Students (Check observed, add others as seen)

4.2 Demonstrate the ability to use evidenced-based high leverage practices with a range of student needs, and determine a variety of pedagogical approaches to instruction, including scope and sequence, and unit and lesson plans, in order to provide students with disabilities equitable access to the content and experiences aligned with the state-adopted core curriculum.

4.3 Demonstrate the ability to identify and use behaviorally based teaching strategies with the understanding that behaviors are communicative and serve a function.

4.4 Demonstrate the ability to create short and long-term goals that are responsive to the unique needs of the student that meet the grade level requirements of the core curriculum, and systematically adjusted as needed to promote academic achievement within inclusive environments.

4.6 Coordinate, collaborate, co-teach and communicate effectively with other service providers, including paraprofessionals, general education teachers, parents, students, and community agencies for instructional planning and successful student transitions.

MMSN TPE 4: CLUSTER SCORE (Circle One)

1 = Does not meet 2 = Approaching 3 = Meets 4 = Exceptional

Comments:

MMSN TPE 5: Assessing Student Learning

5.1 Apply knowledge of the purposes, characteristics, and appropriate uses of different types of assessments used to determine special education eligibility, progress monitoring, placement in LRE, and services. Candidates also apply knowledge of when and how to use assessment sources that integrate alternative statewide assessments, formative assessments, and formal/informal assessment results as appropriate, based on students' needs. (U5.1/5.2)

5.2 Each candidate utilizes assessment data to: 1) identify effective intervention and support techniques, 2) develop needed augmentative and alternative systems, 3) implement instruction of communication and social skills, 4) create and facilitate opportunities for interaction; 5) develop communication methods to demonstrate student academic knowledge; and 6) address the unique learning, sensory and access needs of students with physical/orthopedic disabilities, other health impairments, and multiple disabilities.

5.3 Demonstrate knowledge of special education law, including the administration and documentation of assessments and how to hold IEP meetings according to the guidelines established by law

5.4 Demonstrate knowledge of requirements for appropriate identification and assessment of students whose cultural, ethnic, gender, or linguistic differences may be misunderstood or misidentified as manifestations of a disability.

5.6 Know how to appropriately administer assessments according to the established protocols for each assessment. Candidates also understand how to implement appropriate accommodations on assessments for students with disabilities that do not fundamentally alter the nature and/or content of what is being tested, and how to use AAC appropriately for facilitating the participation in the assessment of students with complex communication needs.

TPE WEEKLY CONVERSATIONS AND PLANNING (MILD TO MODERATE SUPPORT NEEDS)**

Teacher Candidate: _____

Cooperating Teacher: _____

University Supervisor: _____

TPE Instructions: To ensure that both the candidate and the Cooperating Teacher have a clear and shared understanding of each TPE expectation and that they expressly discuss how each TPE could be demonstrated by the candidate in the clinical setting, the following timetable is recommended for examining and discussing TPE items on the *Education Specialist TPE Clinical Practice Assessment*. Please indicate the week and date of clinical practice that each set of TPEs is examined. Please pay particular attention to the noted TPE elements, which have been identified as high-priority topics for research, discussion, and application in clinical practice.

Teacher Candidate Clinical Practice Weekly Reflection and Planning

Directions: On Friday of each week of clinical practice, please complete and send this form to your University Supervisor and Cooperating Teacher. Be sure to discuss the content of the reflection with your Cooperating Teacher in your weekly reflection and planning meeting.

Name: _____ Week _____ Date _____

1. This week the TPEs that I focused on were:
2. An “aha” moment in my teaching this week was:
3. I felt most confident and competent with my skills when:
4. My biggest challenge this week was:
5. The co-teaching approaches my Cooperating Teacher (CT) and I used this week were:

- Supportive** I led CT led
 Parallel I led planning We jointly planned My CT planned
 Complementary I led, my CT complemented My CT led, I complemented
 Team Guided by CT We jointly planned & delivered instruction

Questions I have; help I would like: _____

Requested focus of next observation/meeting:

_____ TPEs (specify): _____

_____ Co-teaching planning &/or implementation _____ Instructional strategies

_____ Classroom management/support _____ Differentiation of instruction

_____ Individualized Accommodations and Modifications

_____ Supporting/Co-teaching with Paraeducators _____ Positive Behavior Supports

_____ Other (specify): _____

WHAT DOES CO-TEACHING LOOK LIKE? THE FOUR APPROACHES

Co-teaching has many faces. Teachers experienced in teaching in diverse classrooms report using four approaches to co-teaching – supportive, parallel, complementary, and team.

SUPPORTIVE

Supportive co-teaching is when one teacher takes the lead instructional role and the other(s) rotates among the students providing support. The co-teacher(s) taking the supportive role watches and listens as students work together, stepping in to provide one-to-one tutorial assistance when necessary while the other co-teacher continues to direct the lesson. Teachers new to co-teaching or who are short of planning time often begin with this approach.

PARALLEL

Parallel co-teaching is when two or more people work with different groups of students in different sections of the classroom. Co-teachers may rotate among the groups; and, sometimes there may be one group of students that works without a co-teacher for at least part of the time. Teachers new to co-teaching often begin with this approach. Key to parallel co-teaching is that each co-teacher eventually works with every student in the class.

COMPLEMENTARY

Complementary co-teaching is when co-teachers do something to enhance the instruction provided by the other co-teacher(s). For example, one co-teacher might paraphrase the other co-teacher's statements or model note-taking skills on a transparency. Sometimes, one of the complementary co-teaching partners pre-teaches the small group social skill roles required for successful cooperative group learning and then monitors as students practice the roles during the lesson taught by the other co-teacher. As co-teachers gain in confidence and acquire knowledge and skills from one another, complementary co-teaching becomes a preferred approach.

TEAM

Team co-teaching is when two or more people do what the traditional teacher has always done – plan, teach, assess, and assume responsibility for all students in the classroom. Team co-teachers share leadership and responsibility in planning. When instruction, they simultaneously deliver lessons and are comfortable alternately taking the lead and being in the support or complementary role. Team co-teachers share lessons in ways that allow students to experience each teacher's expertise. For example, for a lesson on inventions in science, one co-teacher with interests in history might guide students to examine the impact of inventions on *society* at the time. The other, whose strengths are with the mechanisms involved, might explain and guide students in learning *how* the inventions work.

REMEMBER: The test of any successful co-teaching partnership is that the students view each teacher as equally knowledgeable and credible.

EDUCATION SPECIALIST MILD TO MODERATE AND EXTENSIVE SUPPORT NEEDS CLINICAL PRACTICE WEEKLY PROFESSIONAL COLLABORATION LOG

This log is designed to document collaborative activities among the Education Specialist Teacher Candidate (TC), Cooperating Teacher (CT), and University Supervisor (US) to guide the TC to successful Teacher Performance Expectation (TPE) and Professional Dispositional (PD) performance through observations, coaching meetings, written feedback, and relevant activities, interactions, and communications. The log shall be confidentially maintained (in digital or hard copy format) and accessible to all parties throughout the Clinical Practice (CP). Log entries are completed, reviewed, and signed by the TC and CT weekly and by the US at each visitation. The log is collected by the US at the completion of CP.

Teacher Candidate (Name):		Cooperating Teacher (Name):	University Supervisor (Name):
Teacher Candidate Responsibilities: Sign in/out on campus daily. By week, note the dates & days of CP (e.g., Nov. 14 th – 18 th , Days #14-#19 of CP). Document activities (e.g., planning for instruction, instruction, formal/informal assessment, IEP involvement, co-teaching, meetings, collaborating with staff, other work duties) guided/directed by the CT.		Cooperating Teacher Responsibilities: Guide the TC's TPE and PD growth. Document collaborative activities (e.g., modeling, formal and informal observations, coaching and feedback meetings) supporting the TC's progress in planning, instruction, assessment, IEP & family involvement, PD, & TPE achievement.	University Supervisor Responsibilities: Orient CT and TC to log and use. Sign in/out each campus visit. Review log entries since last visit. Document observations, meetings, and other activities with the TC and CT regarding the TC's PDs & progress toward TPE achievement.
Week & Days of CP	Teacher Candidate Directions: Briefly list/describe clinical activities as suggested above and TPE foci during this time period.	Cooperating Teacher Directions: CHECK ALL collaboration that occurs during the designated time period.	University Supervisor Directions: Document initial orientation, a minimum of 6 formal observations, the post-observation conferences, exit meeting, and additional communications by week.

Use additional forms as necessary.

Teacher candidate receives support and monitoring from a qualified cooperating teacher for a minimum of five hours per week, which is documented on this weekly collaboration form. This support may involve instruction, assessment, IEP-related planning and implementation activities, and any other job-related responsibilities in which TPEs may be observed (e.g., training/supervising of paraeducators).

RUBRIC

The following rubric describes the timeframe, conditions, and expected evaluated behaviors and artifacts for each of the 4 performance levels on the *CSUSM Mild to Moderate Support Needs ES TPE Clinical Practice Assessment* instrument. It clarifies the performance standard or criteria represented by the Does Not Meet (1), Approaching (2), Meets (3), and Exceptional (4) clinical rating for a TPE element on the 4-point rating scale. The University Supervisor and Cooperating Teacher can independently use this rubric and then confer as to the appropriate rating on a TPE element for a candidate they both are mentoring. A candidate must earn at least a Meets (3) score on each TPE element to get credit for the element in clinical practice.

Does Not Meet (1) (the standard) Requires significant more understanding, instruction, and/or experience	Approaching (2) (meeting the standard) Understands but requires additional coaching or clarification	Meets (3) (the standard) Meets the standard as stated in the ES TPE at the level of a novice teacher	Exceptional (4) Performs the standard as stated in the ES TPE at an exceptional level, well beyond novice
