COURSE DESCRIPTION

Education Specialist — Clinical Practice for MMSN Interns I & Education Specialist — Clinical Practice for MMSN Interns II

Intern teaching in a special education setting in selected K-12 schools under the supervision of a credentialed special education teacher (Intern Support Provider) and university supervisor. This includes participation in a student teaching seminar. *This course is aligned with California's SB 2042 Standards. May not be taken for credit by students who have received credit for EDMX 671/672. Graded Credit/No Credit.*

Credit Hour Policy Statement

This Internship course is comprised of doing fieldwork at either elementary, middle or high school settings, under the supervision of an Intern Support Provider and a University Supervisor.

- Students are expected to spend a minimum of 7 to 10 hours per week outside of the field experience in preparation to teach students.

CLINICAL PRACTICE STUDENT LEARNING OUTCOMES

The credential candidate will:

- assess and instruct students of various ages (TK, kindergarten to 22 years of age) and cultural/linguistic backgrounds with mild to moderate support needs including students eligible for special education under the categories autism, specific learning disability, intellectual disability, multiple disabilities, orthopedic impairment, traumatic brain injury, emotional disturbance, and other health impairments.
- demonstrates successful performance of the Mild to Moderate Support Needs Education Specialist Teaching Performance Expectations as assessed using the *California State University San Marcos Preliminary Mild to Moderate Support Needs Education (MMSN) Specialist Teaching Performance Expectations Clinical Practice Assessment*.

Student learning outcome assessment methods:

Observations by university supervisor of clinical performance objectives and the California Commission on Teacher Credentialing (CCTC) Education Specialist Program Standards and the Education Specialist Mild to Moderate Support Needs TPE Assessment.

Completion of an Individualized Development Plan (IDP) summarizing strengths and continued professional growth regarding the ES TPEs. The IDP is developed with input from the candidate's University Supervisor and Intern Support Provider and is approved and signed by the candidate, the candidate's university supervisor, and the Education Specialist credential program coordinator or designee.

Teacher Performance Expectation (TPE) Competencies

The course objectives, assignments, and assessments have been aligned with the CCTC standards for Mild to Moderate Support Needs Education Specialist Credential. This course is designed to help teachers seeking a California teaching credential to develop the skills, knowledge, and attitudes necessary to assist schools and district in implementing effective programs for all students. The successful candidate will be able to merge theory and practice in order to realize a comprehensive and extensive educational program for all students. Teacher Candidates will be required to formally address the following MMSN TPEs in this course:

Mild to Moderate Support Needs:

- TPE 1: Engaging and Supporting All Students in Learning (1.1, 1.4, 1.7)
- TPE 2: Creating and Maintaining Effective Environments for Student Learning (2.1, 2.2, 2.4, 2.5-2.10)
- TPE 3: Understanding and Organizing Subject Matter for Student Learning - making content accessible (3.1)
- TPE 4: Planning Instruction and Designing Learning Experiences for All Students (4.2, 4.3, 4.4)
- TPE 5: Assessing Student Learning (5.1-5.4, 5.6)
- TPE 6: Developing as a Professional Educator (6.1)

- Developmentally Appropriate Practices and English Language Development In Relation to Subject-Specific Pedagogy

Expected Dispositions for the Education Profession

Education is a profession that has, at its core, certain dispositional attributes that must be acquired and developed. Teaching and working with learners of all ages requires not only specific content knowledge and pedagogical skills, but positive attitudes about multiple dimensions of the profession. The School of Education has identified six dispositions that must be evident in teacher candidates: social justice and equity, collaboration, critical thinking, professional ethics, reflective teaching and learning, and life-long learning. These dispositions have observable actions that will be assessed throughout the preparation program. For each dispositional element, there are three levels of performance - *unacceptable*, *initial target*, and *advanced target*. The description and rubric for the three levels of performance offer measurable behaviors and examples.

The assessment is designed to provide candidates with ongoing feedback for their growth in professional dispositions and includes a self-assessment by the candidate. The dispositions and rubric are presented, explained and assessed in one or more designated courses in each program as well as in clinical practice. Based upon assessment feedback candidates will compose a reflection that becomes part of the candidate's Teaching Performance Expectation portfolio. Candidates are expected to meet the level of *initial target* during the program.

MATERIALS NEEDED FOR CLASS

The appropriate Cal State San Marcos Teaching Performance Expectations Clinical Practice Assessment and Individualized Development Plan observation forms, and enrollment in TaskStream.

TaskStream Enrollment and Postings

The School of Education uses TaskStream to manage candidates' TPE, clinical practice, signature assignment, and disposition assessments. Candidates must be enrolled in TaskStream throughout the Mild to Moderate and Extensive Support Needs Education Specialist program(s). Enrollment fees are paid by going to www.taskstream.com and registering for at least one year. Candidates completing both the Mild to Moderate and Extensive Support Needs credentials should enroll for at least two years.

SUPERVISION REQUIREMENTS

1. Each intern engages and assumes **all job responsibilities** of an Education Specialist in the intern's school district over the course of the observed semester(s) of internship.
2. Intern Support Provider *and* the CSUSM University Supervisor will provide *collectively* a minimum total of **144 hours*** (an average of 4 hours per week for 36 weeks) of support/mentoring per school year including coaching, modeling, and demonstrating within the classroom, assistance with course planning and problem-solving regarding students curriculum, and development of effective teaching methodologies. If an intern is at a school less than 36 weeks, support hours total an average of 4 hours times the number of weeks they are interning at the school.
3. Each Intern is formally observed by the University Supervisor a minimum of **six times**:
 - a) teaching formal lessons in a content area (at least 2). For these content lessons, a formal lesson plan using the Clinical Practice Lesson Plan Template (EDMX 572, 671, 672) shall be submitted electronically to the University Supervisor at least 24 hours prior to teaching the lesson.
 - b) conducting a formal assessment utilizing a standardized assessment instrument and submitting a comprehensive assessment report to the Intern Support Provider and University Supervisor
 - c) conducting an IEP meeting (Triennial or Initial preferred)
 - d) analyzing a Behavior Intervention Plan (BIP) and explaining involvement in its delivery (See these observation forms in this syllabus)
 - e) Mid-Semester TPE Assessment and Professional Disposition rubric rating

4. Each intern is observed and provides documentation of the clinical experiences described in the TPEs through notations on the *Cal State San Marcos Education Specialist Mild to Moderate Support Needs TPEs* assessment form.
5. Each intern receives support and monitoring from a qualified Intern Support Provider. This support may involve instruction, assessment, IEP-related planning and implementation activities, and any other job-related responsibilities in which TPEs may be observed (e.g., training/supervising of paraeducators). Intern Support Providers will document these hours on the ***Education Specialist Clinical Practice Professional Collaboration Log*** found in this syllabus.
6. The intern communicates weekly with the Intern Support Provider and University Supervisor to reflect upon intern experiences and progress toward meeting TPEs. The intern prepares and e-mails to both the Intern Support Provider and the University Supervisor the ***Intern Weekly Reflection and Planning*** form in this syllabus.
7. Each intern in conjunction with the Intern Support Provider and University Supervisor documents collaborative activities among the Education Specialist Intern (I), Intern Support Provider (ISP) and University Supervisor (US) to guide the intern to the successful completion of the MMSN Teacher Performance Expectations (TPE) and Professional Dispositional (PD) performance through observations, coaching meetings, written feedback, relevant activities, interactions, and communications. The ***Education Specialist Clinical Practice Weekly Professional Collaboration Log*** (found in this syllabus) shall be confidentially maintained (in digital or hard copy format) and accessible to all parties throughout the Internship.
8. Each candidate produces an *Individualized Development Plan* that summarizes strengths and areas of need for continued professional growth and that is signed by the candidate, the candidate's University Supervisor, and the Education Specialist credential program coordinator or designee. This document is delivered to and assessed by the instructor of the EDMX 575 Education Specialist - Transition Development Plan Seminar. The candidate is also responsible for uploading it to Taskstream.

GRADING STANDARDS

Credit/No Credit

1. The candidate's University Supervisor, in collaboration with the Intern Support Provider, prepares a Summary Form for EDMX 671/672, based on observations and clinical practice experiences. This also includes the Intern Support Provider's and may include the intern's feedback. The Teacher Performance Expectations are submitted, digitally, to the Intern Support Provider and University Supervisor by the teacher candidate. The University Supervisor and Intern Support Providers collaborate and score the completed TPEs. When completed, the TPEs are presented to the teacher candidate at the exit meeting and all participants sign the documents. These documents serve as official verification of successful completion of Clinical Practice and are required for the University to be able to recommend a candidate for a credential at the end of the program.
2. A grade of CREDIT (CR) or NO CREDIT (NC) will be assigned for clinical practice experiences by the University Supervisor. If a credential candidate has not successfully met the Education Specialist Teacher Performance Expectations at an appropriate level, the candidate may be required to extend or repeat the experience.
3. If a candidate is unsuccessful in an internship experience, a grade of NO CREDIT will be given. Granting of an additional opportunity for internship will be made based on the circumstances under which the original NO CREDIT was given.
4. Should a candidate be in the potential situation of receiving NO CREDIT for internship, the University

Supervisor and Intern Support Provider must complete a Statement of Concern (SOC) as soon as possible and provide copies to the Program Coordinator. The documentation in the SOC, the action plan, and the follow up steps to the plan are key documents that are used to verify inadequate performance in clinical practice, if the action plan is not achieved.

Final Exam Statement

EDMX 671/672 does not include a final examination. Ongoing assessment of the intern is completed by the University Supervisor.

PROFESSIONAL AND ADMINISTRATIVE REQUIREMENTS

1. "Person-first" language (e.g., "Student with Down Syndrome" rather than "Down Syndrome student") must be used throughout all written and oral assignments and discussions.
2. Word process all written plans for treatment and assessment. Keep an electronic copy of all your work. You will want these for your records and for potential future use as professional portfolio entries.
3. Complete and submit all clinical experience documentation on the due dates for full credit. If you have extraordinary circumstances that impact timely submission, inform the university supervisor. Any time that you have questions or concerns, please contact the university supervisor immediately.
4. Profession behavior is expected at all school and community sites with educational and program personnel, students, families, and supervisory personnel.
5. Academic Honesty Policy and Plagiarism. Students are expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of a grade, a failing grade for the assignment or the class as a whole, or dismissal from the program or university.

Conditions for Removal from School Site

A candidate will be removed from the school site and a Statement of Concern documenting the situation will be written immediately if a candidate:

1. endangers students or others;
2. violates recognized codes of conduct, e.g. CSUSM Student Code of Conduct, CSUSM Academic Honesty Policy NEA Code of Ethics, CA Education Code Section 44932; and/or
3. is dismissed from the classroom or school site by the cooperating professional or site or district administrator.

GENERAL CONSIDERATIONS

Authorization to Teach English Learners

This credential program has been specifically designed to prepare teachers for the diversity of languages often encountered in California public school classrooms. The authorization to teach English learners is met through the infusion of content and experiences within the credential program, as well as additional coursework. Candidates successfully completing this program receive a credential with authorization to teach English learners. *(Approved by CCTC in SB 2042 Program Standards, August 02)*

School of Education Attendance Policy – Internship

All interns are expected to be present at their assigned school site as scheduled by program requirements and the specific school site calendar and teaching contract. Should the intern have extenuating circumstances, s/he should contact the University Supervisor and Program Coordinator as soon as possible.

CSUSM Academic Honesty Policy

Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All assignments must be original work, clear and error-free. All ideas/material that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated accordingly.

Academic Honesty and Integrity: Students are responsible for honest completion and representation of their work. Your course catalog details the ethical standards and penalties for infractions. There will be zero tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty, in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole.

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Refer to the full Academic Honesty Policy at:

http://www.csusm.edu/policies/active/documents/Academic_Honesty_Policy.html

Plagiarism

As an educator, it is expected that each candidate (course participant) will do his/her own work and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Students with Disabilities Requiring Reasonable Accommodations

Students with disabilities who require reasonable accommodations must seek approval for services by providing appropriate and recent documentation to the Office of Disability Support Services (DSS). This office is in Craven Hall 4300, contact by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized accommodations by DSS in INTERNSHIP must contact the clinical practice coordinator.

All University Writing Requirement

This course ensures that the university's minimum 2,500-word per course writing requirement is met through the course assignments, comprehensive assessment report, reflections, and postings for Education Specialist standard.

Course Format

Internship is conducted in a Field-based environment. Interns must be present in an internship setting five days a week, full contract hours. This exceeds the requirements for 7 units.

Necessary Technical Competency Required of Students

This course requires Interns to submit assignments electronically using Taskstream.

Contact Information for Technical Support Assistance

Customer support for *TaskStream* is available online, as well as the CSUSM Help Desk.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions. If you need to contact the instructor, e-mail is often the easiest way to do so. It is my intention to respond to all received e-mails in a timely manner. Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of

all e-mail and on-line discussion messages you send to your colleagues, to faculty members in the School of Education, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

MMSN TPE 1: Engaging and Supporting All Students in Learning

- 1.1 Demonstrate the ability to collaboratively develop and implement Individualized Education Programs (IEP), including instructional goals that ensure access to the California Common Core State Standards and/or California Preschool Learning Foundations, as appropriate, that lead to effective inclusion of students with disabilities in the general education core curriculum.
- 1.4 TC monitors student progress toward learning goals as identified in the academic content standards and the IEP/Individual Transition plan (ITP).
- 1.7 Use strategies to support positive psychosocial development and self-determined behavior of students with disabilities. (U1.1)

MMSN TPE 1: CLUSTER SCORE (Circle One)

1 = Does not meet 2 = Approaching 3 = Meets 4 = Exceptional

Comments:

MMSN TPE 2: Creating and Maintaining Effective Environments for Student Learning

- 2.1 Develop accommodations and/or modifications specific to students with disabilities to allow access to learning environments, which may include incorporating instructional and assistive technology, and alternative and augmentative communication (AAC) procedures to optimize the learning opportunities and outcomes for all students, and move them toward effective inclusion in general education settings environments.
- 2.2 Demonstrate the ability to support the movement, mobility, sensory and/or specialized health care required for students to participate fully in classrooms, schools and the community. As appropriate, organize a safe environment for all students that include barrier free space for independent mobility, adequate storage and operation of medical equipment and other mobility and sensory accommodations. (U2.3)
- 2.4 Collaborate with families and appropriate related services personnel to support access to optimal learning experiences for students with mild to moderate support needs in a wide variety of general education and specialized academic instructional settings, including but not limited to the home, natural environments, educational settings in hospitals and treatment centers, and classroom and/or itinerant instructional delivery and/or consultation in public/nonpublic school programs.
- 2.5 Demonstrate knowledge of the communicative intent of students' behavior as well as the ability to help students develop positive communication skills and systems to replace negative behavior.

- 2.6 Demonstrate the ability to identify if a student’s behavior is a manifestation of his or her disability and, if so, to develop positive behavior intervention plans inclusive of the types of interventions and multi-tiered systems of supports that may be needed to address these behavior issues.
- 2.7 Understand and access in a collaborative manner with other agency professionals the variety of interventions, related services and additional supports, including site-based and community resources and agencies, to provide integrated support for students with behavior, social, emotional, trauma, and/or mental health needs. (U2.4)
- 2.8 Apply and collaboratively implement supports needed to establish and maintain student success in the least restrictive environment, according to students’ unique needs.
- 2.9 Demonstrate the skills required to ensure that interventions and/or instructional environments are appropriate to the student’s chronological age, developmental levels, and disability-specific needs, including community-based instructional environments. (U2.5)
- 2.10 Implement systems to assess, plan, and provide academic and social skills instruction to support positive behavior in all students, including students who present complex social communication, behavioral and emotional needs

1 = Does not meet 2 = Approaching 3 = Meets 4 = Exceptional

Comments:

MMSN TPE 4: Planning Instruction and Designing Learning Experiences for all Students (Check observed, add others as seen)

- 4.2 Demonstrate the ability to use evidenced-based high leverage practices with a range of student needs, and determine a variety of pedagogical approaches to instruction, including scope and sequence, and unit and lesson plans, in order to provide students with disabilities equitable access to the content and experiences aligned with the state-adopted core curriculum.
- 4.3 Demonstrate the ability to identify and use behaviorally based teaching strategies with the understanding that behaviors are communicative and serve a function.
- 4.4 Demonstrate the ability to create short and long-term goals that are responsive to the unique needs of the student that meet the grade level requirements of the core curriculum, and systematically adjusted as needed to promote academic achievement within inclusive environments.
- 4.6 Coordinate, collaborate, co-teach and communicate effectively with other service providers, including paraprofessionals, general education teachers, parents, students, and community agencies for instructional planning and successful student transitions.

MMSN TPE 4: CLUSTER SCORE (Circle One)

1 = Does not meet 2 = Approaching 3 = Meets 4 = Exceptional

Comments:

MMSN TPE 5: Assessing Student Learning

5.1 Apply knowledge of the purposes, characteristics, and appropriate uses of different types of assessments used to determine special education eligibility, progress monitoring, placement in LRE, and services. Candidates also apply knowledge of when and how to use assessment sources that integrate alternative statewide assessments, formative assessments, and formal/informal assessment results as appropriate, based on students' needs. (U5.1/5.2)

5.2 Each candidate utilizes assessment data to: 1) identify effective intervention and support techniques, 2) develop needed augmentative and alternative systems, 3) implement instruction of communication and social skills, 4) create and facilitate opportunities for interaction; 5) develop communication methods to demonstrate student academic knowledge; and 6) address the unique learning, sensory and access needs of students with physical/orthopedic disabilities, other health impairments, and multiple disabilities.

5.3 Demonstrate knowledge of special education law, including the administration and documentation of assessments and how to hold IEP meetings according to the guidelines established by law

5.4 Demonstrate knowledge of requirements for appropriate identification and assessment of students whose cultural, ethnic, gender, or linguistic differences may be misunderstood or misidentified as manifestations of a disability.

5.6 Know how to appropriately administer assessments according to the established protocols for each assessment. Candidates also understand how to implement appropriate accommodations on assessments for students with disabilities that do not fundamentally alter the nature and/or content of what is being tested, and how to use AAC appropriately for facilitating the participation in the assessment of students with complex communication needs.

1. This week the TPEs that I focused on were:
2. An “aha” moment in my teaching this week was:
3. I felt most confident and competent with my skills when:
4. My biggest challenge this week was:
5. The co-teaching approaches I used this week were:

Supportive I led Other led

Parallel I led planning We jointly planned Other planned

Complementary I led, other complemented Other led, I complemented

Team Guided by other We jointly planned & delivered instruction

Questions I have; help I would like: _____

Requested focus of next observation/meeting:

TPEs (specify): _____

Co-teaching planning &/or implementation Instructional strategies

Classroom management/support Differentiation of instruction

Individualized Accommodations and Modifications

Supporting/Co-teaching with Paraeducators Positive Behavior Supports

Other (specify): _____

WHAT DOES CO-TEACHING LOOK LIKE? THE FOUR APPROACHES

Co-teaching has many faces. Teachers experienced in teaching in diverse classrooms report using four approaches to co-teaching – supportive, parallel, complementary, and team.

SUPPORTIVE

Supportive co-teaching is when one teacher takes the lead instructional role and the other(s) rotates among the students providing support. The co-teacher(s) taking the supportive role watches and listens as students work together, stepping in to provide one-to-one tutorial assistance when necessary while the other co-teacher continues to direct the lesson. Teachers new to co-teaching or who are short of planning time often begin with this approach.

PARALLEL

Parallel co-teaching is when two or more people work with different groups of students in different sections of the classroom. Co-teachers may rotate among the groups; and, sometimes there may be one group of students that works without a co-teacher for at least part of the time. Teachers new to co-teaching often begin with this approach. Key to parallel co-teaching is that each co-teacher eventually works with every student in the class.

COMPLEMENTARY

Complementary co-teaching is when co-teachers do something to enhance the instruction provided by the other co-teacher(s). For example, one co-teacher might paraphrase the other co-teacher's statements or model note-taking skills on a transparency. Sometimes, one of the complementary co-teaching partners pre-teaches the small group social skill roles required for successful cooperative group learning and then monitors as students practice the roles during the lesson taught by the other co-teacher. As co-teachers gain in confidence and acquire knowledge and skills from one another, complementary co-teaching becomes a preferred approach.

TEAM

Team co-teaching is when two or more people do what the traditional teacher has always done – plan, teach, assess, and assume responsibility for all students in the classroom. Team co-teachers share leadership and responsibility in planning. When instruction, they simultaneously deliver lessons and are comfortable alternately taking the lead and being in the support or complementary role. Team co-teachers share lessons in ways that allow students to experience each teacher's expertise. For example, for a lesson on inventions in science, one co-teacher with interests in history might guide students to examine the impact of inventions on *society* at the time. The other, whose strengths are with the mechanisms involved, might explain and guide students in learning *how* the inventions work.

REMEMBER: The test of any successful co-teaching partnership is that the students view each teacher as equally knowledgeable and credible.

EDUCATION SPECIALIST MILD TO MODERATE SUPPORT NEEDS INTERNSHIP WEEKLY PROFESSIONAL COLLABORATION LOG

This log is designed to document collaborative activities among the Education Specialist Intern (I), Intern Support Provider (ISP), and University Supervisor (US) to guide the Intern to successful Teacher Performance Expectation (TPE) and Professional Dispositional (PD) performance through observations, coaching meetings, written feedback, and relevant activities, interactions, and communications. The log shall be confidentially maintained (in digital or hard copy format) and accessible to all parties throughout the Clinical Practice (CP). Log entries are completed, reviewed, and signed by the TC/ISP weekly and by the US at each visitation. The log is collected by the US at the completion of the internship.

RUBRIC

The following rubric describes the timeframe, conditions, and expected evaluated behaviors and artifacts for each of the 4 performance levels on the *CSUSM Mild to Moderate Support Needs ES TPE Clinical Practice Assessment* instrument. It clarifies the performance standard or criteria represented by the Does Not Meet (1), Approaching (2), Meets (3), and Exceptional (4) clinical rating for a TPE element on the 4-point rating scale. The University Supervisor and Cooperating Teacher can independently use this rubric and then confer as to the appropriate rating on a TPE element for a candidate they both are mentoring. A candidate must earn at least a Meets (3) score on each TPE element to get credit for the element in clinical practice.

Does Not Meet (1) (the standard) Requires significant more understanding, instruction, and/or experience	Approaching (2) (meeting the standard) Understands but requires additional coaching or clarification	Meets (3) (the standard) Meets the standard as stated in the ES TPE at the level of a novice teacher	Exceptional (4) Performs the standard as stated in the ES TPE at an exceptional level, well beyond novice
