

Applicant Information and Guidelines for the 2019-2021 DTiR Search

The School of Education (SOE) is pleased to announce the opening of a search for one (1) new Distinguished Teacher in Residence (DTiR) position for the Fall 2018 through Spring 2020 academic years. The selected teacher will be assigned by the employing district to render full time service as instructional faculty on a two-year term of assignment, and will be chosen from the permanent teaching faculties of the districts that are parties to the Consortium Agreement with the SOE. For their period of service to CSUSM, the DTiR will remain an employee of their respective district while performing their CSUSM instructional and service responsibilities. ***Distinguished Teacher(s) in Residence will be selected from the eligible participating consortium districts*.***

School Of Education Mission & Vision Statement

Vision

To serve the educational needs of local, regional, and global communities, the School of Education advances innovative practice and leadership by generating, embracing, and promoting equitable and creative solutions.

Mission

The mission of the School of Education community is to collaboratively transform education. We:

- Create community through partnerships
- Promote and foster social justice and educational equity
- Advance innovative, student-centered practices
- Inspire reflective teaching and learning
- Conduct purposeful research
- Serve the School, College, University, and Community

DTiR STATUS AND RESPONSIBILITIES

Although Distinguished Teachers in Residence (DTiR) will remain employees of their districts, with all rights and privileges commensurate with that status, they will have many of the privileges of university faculty. This is a tremendous opportunity for teachers who want to expand their horizons, develop professionally, and influence pre-service teacher preparation within an innovative and growing School of Education.

The general duties of a DTiR will include teaching courses appropriate to his/her area(s) of specialization, supervising teacher candidates, advising candidates, participating in SOE governance, and holding committee assignments. Opportunities may be provided to team teach, provide guest lectures in specialized content areas, conduct research, and facilitate clinical practice seminars. DTiRs are afforded opportunities and encouraged to share their classroom teaching expertise with the widest spectrum of pre-service teachers in a variety of teacher credential program courses. The DTiR will be strongly encouraged, but not required, to conduct applied research collaboratively with faculty members or on their own initiative, and to incorporate such research activities into their professional growth plans.

During this current cycle, applicants who demonstrate a willingness and ability to teach grade levels and disciplines outside of their immediate expertise are highly desired. We encourage participation of individuals with unique experiences to enrich the programs and meet the needs of CSUSM.

Cal State San Marcos is an Equal Opportunity/Title IX employer. The University has a strong commitment to the principles of diversity and, in that spirit, seeks a broad spectrum of candidates including women, members of minority groups, and people with disabilities.

ELIGIBILITY GUIDELINES

You are eligible for selection as a Distinguished Teacher in Residence if you:

1. hold a valid California teaching credential within the K-12 grades;
2. **have a minimum of five years teaching experience with your current participating consortium district;**
3. have taught full-time in a classroom in the past five years and are currently classified by the school district as a teacher (individuals in an administrative classification are not eligible.);
