2019-2021 DISTINGUISHED TEACHERS IN RESIDENCE SEARCH

DISTINGUISHED TEACHER IN RESIDENCE PROGRAM

The Distinguished Teacher in Residence Program at California State University San Marcos is an innovative program and evolved out of a mutual desire for local school districts to be directly involved in teacher preparation.

*"Great teachers learn from other great teachers, and at its core, that's exactly what the Distinguished Teachers in Residence program is all about."
-Harry Weinberg*

A UNIQUE OPPORTUNITY TO EDUCATE FUTURE TEACHERS

The School of Education is pleased to announce a search for one (1) Distinguished Teacher in Residence (DTiR) position for the Fall 2019 through Spring 2021 academic years.

In order to avoid any artificial barriers to the selection process and participation in this program, the DTiR will remain an employee of his/her district, thereby ensuring continuity of salary, benefits, and retirement contributions. All other privileges and responsibilities will be commensurate with the DTiR's status as a University faculty member.

INFORMATIONAL MEETING

We want the very best teachers from the participating consortium districts to be part of this program and encourage you to seriously consider accepting this challenge and invitation to apply to become the next DTiR!

This meeting will allow you to gain additional insight and get your questions answered on the program and the process for applying. Current and former Distinguished Teachers in Residence will be present.

PARTICIPATING CONSORTIUM DISTRICTS

Escondido UHSD

Oceanside USD

Poway USD
