

TRiO Student Support Services Fall Newsletter 2008 Newsletter

Director's Message

Welcome to Fall 2008!

Before you race into another busy semester, we invite you to take a moment and reflect on the word "community". This is a word that you will hear quite a bit here at Cal State San Marcos and in TRiO SSS. For example, you may have already come across the phrases "Campus Community", "Learning Community", "Community Engagement" or "Community Service Learning Program". Or perhaps you have noticed that the new CSUSM homepage has a tab labeled "Community" and begins with the statement, "Imagine more for your community".

Why is the word "community" such an important part of the CSUSM vocabulary?

"Community" refers to a group (such as students like you!) who lives close together and/or has shared interests. CSUSM very much believes in the concept of community: sharing and helping one another. The community of CSUSM consists of your friends, classmates, faculty,

and staff as well as all the people in the surrounding areas who help our campus with so many services on a day-to-day basis. And, of course, community also includes the TRiO SSS team. Every person within TRiO SSS is here to assist you. We are all working together toward a shared interest: helping YOU to succeed in college and earn your bachelor degree!

In order to make your community the BEST that it can be, remember that it takes YOU as well. A "community" is an ever changing entity that really flourishes the more you put into it. Community on a college campus is something that is created both inside and OUTSIDE the classroom. Community is the energy that bonds people together to build something extraordinary; something even greater than what currently exists. But in order to improve what we already have, it will mean commitment and involvement from YOU.

So, before you settle too deeply into your routine, think about how you may become more involved this year. For example, if you have never attended one of the TRiO SSS cultural events, sign up! These events are free, lots of fun and will connect you with other TRiO SSS students who just might turn out to be great people to add to your study group "community" later in the semester! Another idea might be to come into the Center and make a new friend or share some community time with old friends! Then again, workshops offered by TRiO SSS are another way to get involved. (Plus, you will earn a "contact" and come away with some new strategies to an old problem that you can share with others.) Or, if you are an upper classman/woman, consider being a mentor to a first year student who could really benefit from all your knowledge. Finally, don't forget to look into all the wonderful organizations and clubs that are offered here at CSUSM as well as the amazing arts, lectures and cultural programs on campus. If you are passionate about a topic or cause, CSUSM and TRiO SSS will be happy to connect you with others in the community who share your interests! Every community benefits and is enriched when a greater percentage of people take time to become actively involved.

So, in short - the more YOU BRING to YOUR campus community, the more you will RECEIVE from it. If you need help finding a way to become more involved or fitting something new into your already busy schedule, come in and speak with a TRiO SSS staff person. We have lots of great ideas to help you get better connected with your community and experience more from college in general.

Have a great semester! We look forward to seeing you soon!

SSS SENIOR EXCELLENCE AWARD WINNER

On May 16th, TRiO Student Support Services was pleased to present Kathy Kim with its Senior Excellence Award for 2008. For years, Kathy dreamed of graduating from college and having a career where she would be able to provide health education to adolescents and young adults. She is now a little closer to fulfilling her career goal as she completed her B.A. in Human Development (with a Health Services emphasis) in May, this year. Furthermore, she graduated with an overall 3.67 GPA, earning her a place on the Dean's List every semester at CSUSM and the distinction of Cum Laude at the commencement ceremony.

In addition to her academic accomplishments, Kathy was a founding member and the treasurer of the Kappa Omicron Nu (Nu Epsilon Chapter) honor society for Human Development and Kinesiology. She was also involved in several research fairs and clubs on campus. Finally, she organized several health promotions, volunteered numerous hours for many organizations in the community and served as a research assistant for both psychology and human development.

HIRAM LOPEZ—A SUCCESS STORY

Hiram Lopez an SSS student, was selected to participate in the Congressional Hispanic Caucus Institute (CHCI) Summer Internship.

The Congressional Hispanic Caucus Institute (CHCI) is a non-profit, non-partisan educational organization dedicated to developing the next generation of Latino leaders. CHCI's educational services are designed to provide Latino students with the tools and resources they need to succeed in attaining a higher education.

The Summer Internship takes place every summer (early June-early August), in Washington D.C., for 32 promising Latino undergraduates from across the country that are selected for an eight-week program in the nation's capital. While in DC, interns work in the offices of U.S. representatives. Interns benefit from the leadership development curriculum's emphasis on work experience, community service, and learning. This comprehensive three-prong approach fosters critical professional development and personal growth in the participants. Hiram was placed to work with Congresswoman Loretta Sanchez (CA-47).

Hiram states:

Through CHCI internship I have:

- ◆ A better understanding of public policy issues and the legislative process.
- ◆ Had the opportunity to meet national leaders who play an essential role in the legislative process so that I can take their advice and use it to achieve my future career goals in the political spectrum.

What I want to do or be doing in five years ?

I see myself graduating from law school becoming a successful Latino lawyer that will endlessly advocate for social justice.

The SSS team would like to wish Hiram the best of luck as he leaves CSU San Marcos and transfers to UC Santa Barbara. .

LOTTERY GRANT PROJECT

Earlier this year (2008) our SSS Director wrote a proposal for Lottery Grant funds to help us enhance services for our First Year Students. The Proposal was successful and as a result we are able to make add services one academic and the other social.

On the academic side we are going to hire instructors to help you meet your Math and English EPT and ELM requirements. On the social side we are planning additional events/gatherings such as group movies, picnics on campus, bowling, live theater, cultural dance lessons. The events will take place between Fall 2008 and Spring 2009.

Look out for updates ☺

Great News!

onwards and upwards
supporting each other.

SPRING 2008 CULTURAL EVENT HIGHLIGHTS

This past Spring, SSS students spent a night taking part in a beginning Salsa class with Majesty in Motion, a dance Company based in San Diego. Students were able to learn some basic moves that they would later use to impress friends and family.

Before class, they were treated to an early dinner at Andre's Patio, a Cuban/Puerto Rican Restaurant in San Diego.

SUMMER BRIDGE 2008

SSS Summer Bridge students spent a Friday this Summer in Downtown San Diego. Students were treated to Indian cuisine at the Bombay Restaurant before heading off to experience an afternoon at Balboa Park.

While at the park, students participated in group tours of both the Museum of Photographic Arts and the Japanese Friendship Garden

CULTURAL EVENTS/FIRST YEAR ACTIVITIES

Keep your eyes open for the upcoming Fall cultural event which will be held a few weeks after the beginning of the semester. Check your e-mails frequently to find out when to sign-up.

And for you first-year SSS students, activities are coming up that will help you relax, unwind and meet other students who are in the program. You will be contacted as soon as activity plans are finalized.

FALL WORKSHOPS

Be on the look out for workshops offered by SSS staff this Fall! Workshops will cover specific topics to improve student development.
