Unconventional Math Handout

Websites for the 4 Activities from the Presentation

Estimation Clipboard by Steve Wyborney - watch his 2:22 minute video that gives more detail about how these activities work!

3-Act Tasks by Graham Fletcher - LOTS of tasks listed by grade level and standard; also there are links (in red) above the list for a recording sheet per grade level band

Would you Rather Math - all the grade level bands are listed at the top, but also check out the WYR sample sheet linked at the top as well; great way to practice writing ideas clearly in addition to verbalizing

Which One Doesn't Belong - great website with many links to other activities, blogs, and overall math fun!

Email Addresses for Mary Macfarlane and Didi Pressley

****Don't forget, please submit your project to both Mary and Didi 😁**
Contest Ends Saturday, May 1st, 2021

Mary - mmacfarlane@classicalacademy.com

Didi - dpressley@classicalacademy.com
