

Internship Opportunity: Procurement & Sustainability

CSUSM purchases a lot of stuff, either for instructional or operational reasons. This intern will work to help us meet our Purchasing goals within the Sustainability Master Plan. They will work closely with our Procurement Office and the Sustainability Program.

Responsibilities

- Research environmentally preferred purchasing guidelines.
- Review current Staples purchases to ensure auto-substitution is working.
- Review other campus efforts and what we can replicate at CSUSM

Qualifications

- Internship can be for credit or non-credit.
- Interested in sustainable business practices.
- Open to any major, preferable a business major.
- 2-5 hours required per week.
- Reports to sustainability manager.
