

Internship Opportunity: Waste Minimization Intern

Intern will research and implement ways to reduce the amount of waste sent to landfills, which will help CSUSM reach the goal of zero waste by 2025. Working closely with the social media intern, this intern will make creative and innovative advertising campaigns. Intern will work closely with the sustainability manager and the office of Energy Management and Utility Services

Responsibilities/Duties

- Develop outreach tools to engage students, staff and faculty
- Take data and develop creative ideas related to the collection and elimination of waste
- Research sustainability and waste initiatives on other campus that CSUSM can implement
- Conduct audits, surveys and assessments on waste in classrooms and around campus

Qualifications

- Internship can be for credit or non-credit.
- Interested in helping meet sustainability goals.
- Open to any major.
- 2-5 hours required per week.
- Reports to recycling coordinator and sustainability manager.
