Citing a source for the Works Cited list involves considering 9 core elements. Provide each in the order and with the punctuation shown below. Keep in mind, final elements end with a period.

1. Author(s).
2. Title of source.
3. Title of container,
4. Other contributors,
5. Version,
6. Number,
7. Publisher,
8. Publication date,
9. Location.

Only cite available information. For sources with 3+ authors, list first author only then et al.

More information on citation elements is in the 8th edition of the MLA Handbook (pp. 20-58).

WORKS CITED PAGE

A Works Cited list is the last page of a research paper. The list is alphabetized and double-spaced. All citations longer than one line should have a .5 inch hanging indent:

Works Cited

MLA Citation: 

A few words on citation generators
If you use a citation generator online, be careful! They are often incorrect. Double check the formatting with this handout or an up-to-date style guide. The information used to compile this manual comes from the MLA Style Guide (8th edition).
